**AARES**  
AUSTRALASIAN AGRICULTURAL &  
RESOURCE ECONOMICS SOCIETY

Join us for this informative webinar!

## Topic: Online Teaching and Video Production

**When: Wednesday 3rd June, 2020**

**Time: 1:00 pm - 2:00 pm AEST**

**Our presenter, David Pannell, is Professor of Agricultural and Resource Economics, University of Western Australia (UWA) and was a president of the Australian Agricultural and Resource Economics Society (AARES).**

Professor David Pannell teaches in the School of Agriculture at UWA. For his teaching in traditional formats he has received a UWA "Excellence in Teaching" award, but in 2014 he led innovation in online teaching by developing a privately funded MOOC (Massive Online Open Course) in "Agriculture, Economics and Nature" that was delivered in 2015. Since that time, over 23,000 people have enrolled in this course, with David receiving strong positive feedback. This inspired him to convert some of his normal undergraduate teaching to an online format, long before COVID-19 hit. From this extensive experience he has key insights to share with us on online teaching and video production to deliver good outcomes for students.
