

# AARES 2023

AUSTRALASIAN AGRICULTURAL &  
RESOURCE ECONOMICS SOCIETY

The Australasian Agricultural and Resource Economics Society's (AARES) 67<sup>th</sup> annual conference will take place during 7-10 February 2023 in Christchurch, New Zealand.

## Pre-Conference Workshops – Call for Submissions

The Local Organising Committee for the 2023 AARES Conference welcomes submissions for Pre-Conference Workshops. The workshops will take place at the conference venue [with the potential to be live-streamed online] on Tuesday the 7<sup>th</sup> of February, 2023

Submissions are encouraged on any topic relevant to agricultural, resource, environmental, energy, or development economics. Workshops that involve professional training on advances in economic analysis and policy design are also encouraged. Workshops can take between 1 and 6 hours and can be organised in single or multiple sessions. They can involve a single presenter or a group of presenters. Proponents should indicate whether the workshops will be free of charge to registered participants (participants in the workshop do not necessarily have to attend the main conference) or whether a registration fee will be required (an indicative amount should be nominated in the proposal).

Organisers of workshops are encouraged to:

- design the event to attract current and new members (private/industry/government)
- include people from government, industry or other disciplines as speakers and participants
- approach sponsors to meet any costs involved in the workshop, such as the cost of bringing in a high-profile speaker
- promote their event, to help raise the profile of the conference and the Society

Please submit the Pre-Conference Workshops proposal online by clicking [here](#).

**\*\*\* Submissions are due Monday 19 September 2022 \*\*\***

Kind regards,

Thilak Mallawaarachchi (President-Elect) and Alan Renwick (LOC Chair)
