Notes:

If travel restrictions prevent the speaker from giving a talk in person, we can offer video recording options to play on the conference website as well as at the conference venue.

If travel restrictions prevent the attendee from attending the conference in person, we can reduce the cost of the sponsorship to reflect the cost savings from the conference dinner tickets.

Alternative, we accept additional donations from the sponsor if conference dinner refunds are not required.

For each of the relevant sponsorship packages, the number of delegates offered complimentary membership, registration and dinner tickets is the sum of the nominated speakers in the nomination columns.
