An invitation to sponsors & supporters

The Australian Agricultural and Resource Economics Society is holding a Symposium titled 'Natural Capital in the 21st Century' in October this year. The Symposium will be held at the Intercontinental Hotel in Sydney, New South Wales, during 6-7 October 2022.

The Symposium provides an opportunity for policymakers, researchers, asset managers, investors and experts to come together and identify the natural capital-related opportunities that have been made available as jurisdictions align their legal and investment frameworks with coming environment challenges.

A key aim of the Symposium is to contribute to the debate about key natural capital policy issues and improve the expertise available to analyse the issues. For this purpose, we have assembled a list of highly qualified speakers with international reputations. Our confirmed speakers include the Hon. James Griffin, NSW Minister for Environment and Heritage. Minister Griffin has recently announced the NSW Natural Capital Statement of Intent which sets the ambition for, and approach to, sustainably managing natural capital in NSW.

The AARES Symposium is always well supported by sponsors. We offer a range of sponsorship packages and individual arrangements can be made to suit sponsor needs.

For more information, please [click here](#) or email us at office@aares.org.au.
